

# DANISH LIVING room

Salone Internazionale del Mobile, Milan 8th - 13th April 2014, Pavilion 10 Stand B03

The Trade Council of Denmark in Italy, Innonet Lifestyle - Interior & Clothing and 25 of the leading design manufacturers of Denmark are pleased to invite you to the 3<sup>rd</sup> edition of DANISH LIVINGroom, opening from 8th - 13th April at Salone Internazionale del Mobile, Pavilion 10 Stand B03.

The Nordic spirit is revisited in DANISH LIVINGroom 2014; this year we will be bringing you colourful interpretations of Danish living rooms. Great master pieces from the past are displayed alongside new, innovative and experimental designs. Handcrafted wood and beautiful textiles, using intense colours, white tableaux of accessories in porcelain, brass, copper and glass, all of which tell a colourful story about those living there. The installation takes the shape of an atmospheric residence to accommodate and enchant you with a real feel of Danish living - take a moment to relish the quality of Danish design.

DANISH LIVINGroom 2014 is a unique opportunity to appreciate the symbiosis between cutting edge design and the famous masterpieces of Danish design.
