

Mounting of Brix

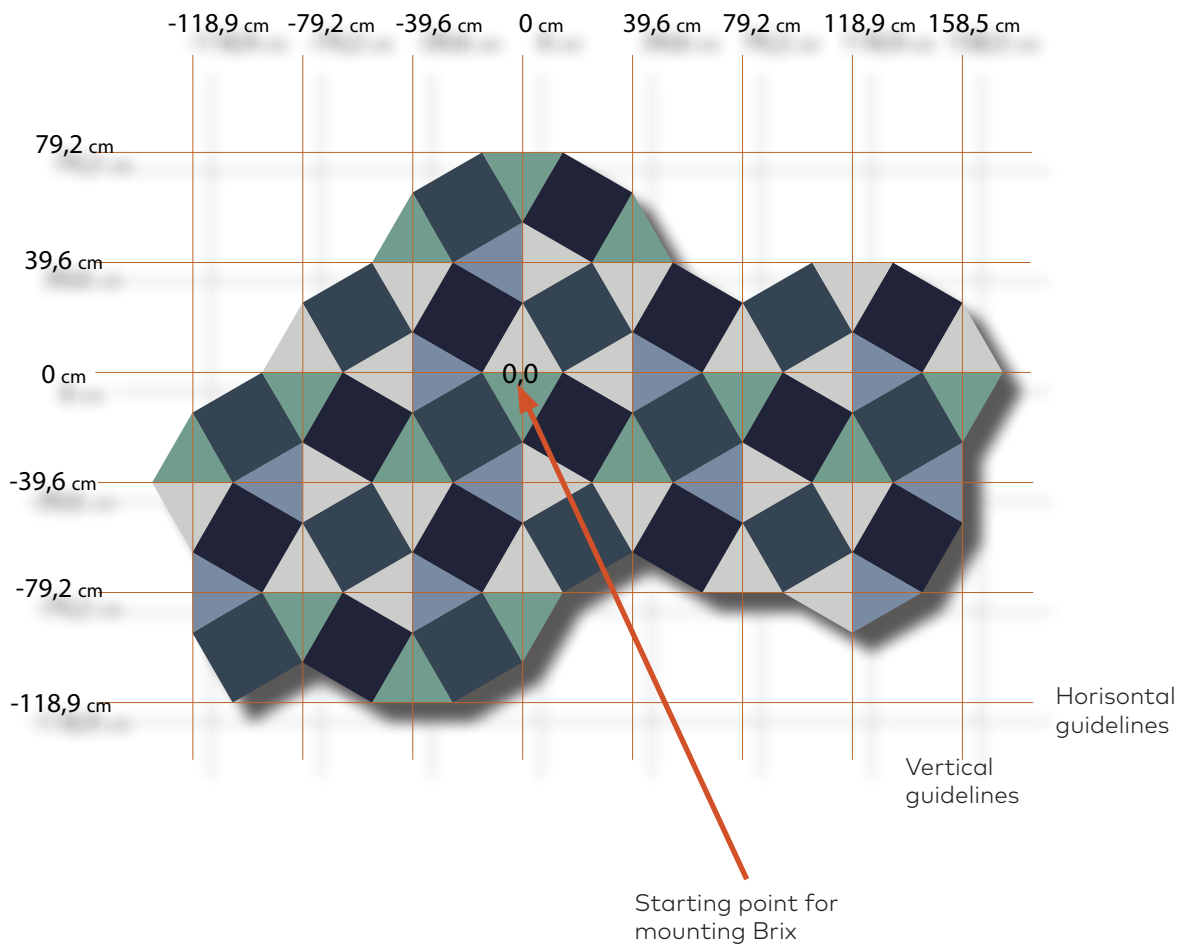

The Brix tiles comes with a "peel and stick" backing.

It has excellent adhesion properties. it has very good resistance to ageing, climate and temperatur. All substrates should be clean and contamination free, a solvent such as isopropyl-alcohol is recommended for cleaning purposes, and the tape should be applied with pressure.

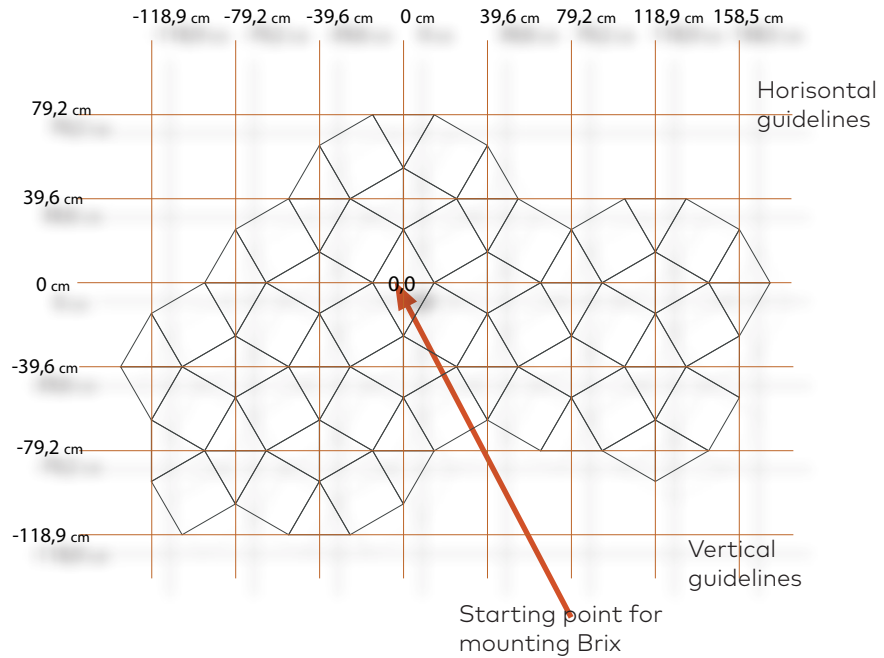

The Brix tiles are delivered with a rendering showing the chosen design in chosen colors, the starting point and gridlines for mounting.

The example below shows a Brix design Add sized 306,4 cm width x 198,1 cm height.

Mounting of Brix

- Mark the starting point 0,0 on the wall
- Mark the guidelines on the wall, starting from starting point 0,0
- The numbers on the guidelines tells the distance from 0

Mounting of Brix 2

- Stick the Brix tiles to the wall starting i Starting point 0,0
- Continue sticking the next Brix tiles to the wall by following the guidelines and the rendering of the design.
